Zephyr MK2 MID MEN’S

SKU: 310856C30

Description

The Zephyr MK2 MID Men’s is a lightweight tactical boot built for users who demand agility, comfort, and durability in the field. Its mid-height design provides a versatile balance of support and flexibility, allowing for unrestricted movement during fast-paced activities. Designed for operational, training, and outdoor environments, the boot delivers dependable performance throughout long days on foot. Its streamlined construction helps reduce fatigue while maintaining the stability needed for challenging terrain.

Features

Constructed with durable suede leather and abrasion-resistant CORDURA®, the Zephyr MK2 MID Men’s is built to withstand demanding conditions while remaining breathable. The mid-cut profile promotes mobility without compromising support, making it ideal for dynamic movement. LOWA’s MONOWRAP® frame enhances lateral stability and overall foot control, while the dual-density PU midsole provides cushioning and shock absorption for lasting comfort. A dual-zone lacing system allows precise fit adjustment, and the rugged outsole ensures reliable traction on varied surfaces.
